

The savings stack up

Save space

Free the office from bulky filing cabinets and crowded shelves. Forget unwieldy lever arch and box files. DOC-u-BOX stackable storage units save up to 40% space - and you simply add more when you need them!

Save time

Go straight to the DOC-u-BOX you want, open the flap, rifle through the files - and there's your document, neatly clipped in place. You don't even need to remove the clip to make a copy.

Save money

Lever arch, box files, cabinets, racks and cupboards - they don't just take up space, they are costly. A DOC-u-BOX system costs considerably less, and grows easily and affordably with your business.

Reclaim your office space with DOC-u-BOX

Office space is expensive.

You need to use it efficiently and effectively. That means space-saving storage that really works - and DOC-u-BOX is the unique and ingenious solution.

DOC-u-BOX comes in individual stackable units in various sizes.

It accommodates A5, A4, A3 and foolscap documents as well as hanging files – and each unit is tough enough to withstand up to 12 stone of pressure. There's a great choice of colours, too, so DOC-u-BOX can be a perfect complement to your office decor.

Lift the flap, slide the drawer and there are your documents.

Much simpler than lifting heavy, unwieldy lever arch or box files, much easier than manoeuvring your way through a filing cabinet – and you'll save around 40% of the space a storage system would take up.

DOC-u-BOX doesn't require shelving or fixing – just a wall to stand against.

And your system can be stacked up to 20 units high, increasing your storage capacity in such a small space.
